How to use this planner

Major or Extended Major Compulsory Courses should be planned first, followed by Major or Extended Major Elective Courses. Students may need to adjust the semesters of courses for their majors in the below planner depending on the major combination taken.

Program Electives (if applicable) should be planned after this, followed by General Elective Courses planned last, based on the remaining room in the study plan.

It is your responsibility to make sure you complete enough units in each component and any additional rules to meet your program requirements for graduation.
