### Program and Course requirements

The **Bachelor of Music** is an undergraduate program, consisting of 48 units.

For full program and course requirements, please [click here](#). Make sure to check your program's rules to ensure you are compliant with requirements.

### How to use this planner

Core courses in your program are pre-filled. Flexible Core Courses should be selected first, with General Elective Courses planned last, based on the remaining room in your planner.

You are responsible for checking whether a course has any prerequisites and making sure you have successfully completed them before enrolling. You can find prerequisite information in the course profile and the course page on the [Programs and Courses website](#).

It is your responsibility to make sure you complete enough units in each component and any additional rules to meet your program requirements for graduation.

### Global Experience

If you are planning on completing an overseas exchange, it is strongly advised that you allocate Elective Courses to your overseas exchange, if possible.

If you would like an exchange experience in your program, you are strongly encouraged to seek advice as early as possible – preferably in your first or second semester of study – and to be aware of the exchange application deadlines.

For more information, please visit the [Global Experiences](#) website.

### Further Assistance

Academic advisors provide specialist help in course selection and can look at your individual study history to make personalised recommendations on your program plan.

Please contact the Faculty of Humanities, Arts and Social Sciences (HASS) Student Administration Team if you need more help or have any questions regarding your studies:
