2026 Program Planner
Bachelor of Education (Primary) (BEd(Primary))

Program Overview

Program Code: 2306
Total Units: 64
Please refer to BEd(Primary) for further information on the program.

Important Information

- At UQ we refer to your degree as a program and a subject as a course.
- Most UQ courses have a value of 2 units, however some courses may differ. Please check Programs and Courses for specific course details.
- If you are a full-time student, you will undertake 8 units (usually 4 courses) each semester.
- A course can only count once towards your program requirements.

It is your responsibility to make sure you complete the requirements for each component of this program so you can graduate with both programs. You must follow the program requirements, including any additional rules, listed on the Programs and Courses website. This program planner must be used in conjunction with your Program and Course Requirements.

You need to check the prerequisites, incompatible courses, restrictions and semester offerings for all courses you choose in your program plan each semester.

Students who intend to undertake the BEd(Primary) as an Honours program must apply to transfer into the BEd(Primary)(Hons) program after successful completion of three years of full-time study in the BEd(Primary) program.

Program Requirements

You must complete a total of 64 units for this program, comprising:

- 60 units for all BEd(Primary) Core Courses, and
- 4 units for BEd(Primary) Elective Courses

Professional Experience (PEx)

Please consult the School of Education Professional Experience page for requirements, calendars, policies and other information.

LANTITE

Literacy and Numeracy Test for Initial Teacher Education Students (LANTITE) is an assessment used to evaluate the personal literacy and numeracy skills of education students seeking to become teachers. All students enrolled in UQ undergraduate and postgraduate teacher preparation programs are required to successfully complete LANTITE as a program requirement, in order to graduate. An attempt at LANTITE is required to enrol in EDUC2740, which is usually undertaken in Year 2, Semester 2. Please visit the School of Education LANTITE page for further information.

Additional Rules

Your program has additional rules that you need to read carefully to make sure you meet your program requirements for graduation – please refer to your program information on the Programs and Courses website.
