

Transferring from the BA to another UQ degree

Information for students planning to transfer from Bachelor of Arts to

Bachelor of Physiotherapy (Honours)

The sample enrolment plans below are for students who are studying in the Bachelor of Arts in 2019 who hope to transfer into the Bachelor of Physiotherapy (Honours) in 2020. These plans have been approved by the Faculty of Humanities and Social Sciences and the Faculty of Health and Behavioural Sciences, and are provided as a guide only. The suggested courses are not compulsory, and many others are available.

Remember:

- To satisfy the Bachelor of Arts program rules, in their first year of study all full time BA students must complete their first 8 units of courses from Part A or B of the BA List (see <https://my.uq.edu.au/programs-courses/> to check the full Bachelor of Arts Program Requirements).
- You will need to satisfy subject prerequisites AND obtain grades that will derive the required OP/entry rank for the relevant program. These are often best achieved by enrolling in courses you enjoy and therefore you need to consider your choices carefully. You may wish to contact UQ Admissions to discuss how your entry rank will be calculated on the basis of your academic history.
- Students intending to change programs in 2020 should familiarise themselves with all relevant rules and procedures. More information is available from:
 - Programs and Courses website: <https://my.uq.edu.au/programs-courses/>
 - Admissions: email admissions@uq.edu.au or telephone 07 3365 2203.
 - 'Transferring Programs' sessions run during Orientation - check the *Orientation Guide* for details.
- Please also consult a student advisor in the Faculty of Health and Behavioural Sciences. Call 07 3365 7487 or visit the Faculty office in Level 4, Building 24.
- To apply for a new single program in the following year, you must submit a new application through QTAC. You cannot request this transfer internally. Please visit the [myUQ website](#) or contact UQ Admissions for more information.

If successful in securing a place in the Bachelor of Physiotherapy (Honours), students may apply for credit for the course indicated in **bold** above.

Bachelor of Arts → Bachelor of Physiotherapy (Honours) (lacking year 12 science prerequisite)

NB: To satisfy the science prerequisite, students must take 2 units (1 course) in biology or 2 units (1 course) in chemistry or physics across the year. Physics is the recommended prerequisite.

However as full time BA students must complete their first 8 units of courses from Part A or B of the BA Course List, the only way to fulfil a science prerequisite as a Year 1 BA student is to complete BIOL1900 in Semester 1 OR PHYS1171 or BIOL1020 in Semester 2.
